May be it could be best activity to you.

**Terry Klatt:**

As a university student exactly feel bored to be able to reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just minor students that has reading's spirit or real their pastime. They just do what the professor want, like asked to the library. They go to there but nothing reading seriously. Any students feel that examining is not important, boring and can't see colorful images on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Star atlas containing stars visible to the naked eye and clusters, nebul! and double stars visible in small telescopes together with variable stars, red stars, characteristic star groups, ancient constellation figures and an explanatory text. can make you sense more interested to read.
