Disposable People: New Slavery in the Global Economy Kevin Bales

Slavery is illegal throughout the world, yet more than twenty-seven million people are still trapped in one of history's oldest social institutions. Kevin Bales's disturbing story of slavery today reaches from brick kilns in Pakistan and brothels in Thailand to the offices of multinational corporations. His investigation of conditions in Mauritania, Brazil, Thailand, Pakistan, and India reveals the tragic emergence of a "new slavery," one intricately linked to the global economy. The new slaves are not a long-term investment as was true with older forms of slavery, explains Bales. Instead, they are cheap, require little care, and are disposable.

Three interrelated factors have helped create the new slavery. The enormous population explosion over the past three decades has flooded the world's labor markets with millions of impoverished, desperate people. The revolution of economic globalization and modernized agriculture has dispossessed poor farmers, making them and their families ready targets for enslavement. And rapid economic change in developing countries has bred corruption and violence, destroying social rules that might once have protected the most vulnerable individuals.

Bales's vivid case studies present actual slaves, slaveholders, and public officials in well-drawn historical, geographical, and cultural contexts. He observes the complex economic relationships of modern slavery and is aware that liberation is a bitter victory for a child prostitute or a bonded miner if the result is starvation.

Bales offers suggestions for combating the new slavery and provides examples of very positive results from organizations such as Anti-Slavery International, the Pastoral Land Commission in Brazil, and the Human Rights Commission in Pakistan. He also calls for researchers to follow the flow of raw materials and products from slave to marketplace in order to effectively target campaigns of "naming and shaming" corporations linked to slavery. *Disposable People* is the first book to point the way to abolishing slavery in today's global economy.

All of the author's royalties from this book go to fund anti-slavery projects around the world.

Lee Witherspoon:

In this particular era which is the greater individual or who has ability in doing something more are more special than other. Do you want to become one of it? It is just simple approach to have that. What you must do is just spending your time not much but quite enough to experience a look at some books. One of many books in the top list in your reading list is definitely Disposable People: New Slavery in the Global Economy. This book which is qualified as The Hungry Mountains can get you closer in turning into precious person. By looking upwards and review this guide you can get many advantages.

Cassandra Rosas:

As a college student exactly feel bored in order to reading. If their teacher inquired them to go to the library or make summary for some publication, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the educator want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that reading through is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Disposable People: New Slavery in the Global Economy can make you truly feel more interested to read.
