At the age of twenty-one, Prince Philip wrote to a relative: 'I know you will never think much of me. I am rude and unmannerly.' Prince Philip probably never managed to change the opinion of his relative... This affectionate compendium brings together both the best and a host of less well-known stories about the prince, giving an insight into the royal world where he 'traipses around' as a 'fella who belongs to Mrs Queen', rather than being 'professionally qualified in something'. From Prince Philip's blunt speech making, to his fearless mocking of officials and captains of industry, to his fond teasing of Her Majesty herself, here is a truly regal celebration of the unusual daily life in royal circles.
