**Ciudadanía y medio ambiente (Siglo Xxi (proteus)) (Spanish Edition)** Andrew Dobson

"Ciudadanía y medio ambiente" (Citizenship and Environment) es la obra fundamental del pensamiento de Andrew Dobson, un texto de ineludible referencia. En él, Dobson nos plantea la necesidad de una ética post-cosmopolita: una ética de deberes y responsabilidades compartidas en la aldea global. Para el autor, la ciudadanía ecológica debería ser una señal de identidad colectiva más allá de incentivos fiscales y declaraciones grandilocuentes. Ni la tradición liberal ni la tradición republicana, a juicio de Dobson, bastan para fundamental el equilibrio global de deberes y responsabilidades que precisamos: se precisa ir más allá, integrar la "huella ecológica" como base para la definición de una ciudadanía ecológica y establecer una política educativa fuerte y consistente al respecto.
