The Magic Workshop: A resource for anyone who works with young people in a creative and fun way

Thomas Moloney

"The Magic Workshop" is a resource book for anyone who works with young people in a creative and fun way. Group leaders, teachers, club organisers, trainers, counsellors, informal educators and children's entertainers will find this book an invaluable asset in their work with young people. Young people love tricks and puzzles and this book contains a volume of information on how to use magic, tricks and puzzles as a means of working with young people in a developmental way. It is full of expert guidance on how you can successfully deliver exciting magic workshops. This is flexible, engaging material that can be used with any youth group to introduce a new and stimulating experience. No skill is required and all the activities are easy to do. Presented in a practical format and self-contained with tried and tested activities, this easy-to-use book includes photocopiable material - self-working tricks, puzzles and games that young people and adults will love. Many of these ideas can also be used as ice-breakers, energisers or as a means of initiating conversation. The author, a group worker, art teacher and magician, has spent over 10 years developing and perfecting the concept of the Magic Workshop to ensure that any leader can easily use this material with groups of all ages and stages.

From reader reviews:

Alison McGowan:

What do you consider book? It is just for students because they are still students or the item for all people in the world, what best subject for that? Merely you can be answered for that question above. Every person has distinct personality and hobby for every single other. Don't to be obligated someone or something that they don't desire do that. You must know how great along with important the book The Magic Workshop: A resource for anyone who works with young people in a creative and fun way. All type of book would you see on many solutions. You can look for the internet resources or other social media.

Willette Bickel:

Book is to be different per grade. Book for children right up until adult are different content. We all know that that book is very important for people. The book The Magic Workshop: A resource for anyone who works with young people in a creative and fun way was making you to know about other information and of course you can take more information. It doesn't matter what advantages for you. The reserve The Magic Workshop: A resource for anyone who works with young people in a creative and fun way is not only giving you much more new information but also to get your friend when you truly feel bored. You can spend your personal spend time to read your book. Try to make relationship with all the book The Magic Workshop: A resource for anyone who works with young people in a creative and fun way. You never experience lose out for everything in the event you read some books.

Colleen Key:

Nowadays reading books become more and more than want or need but also get a life style. This reading routine give you lot of advantages. Associate programs you got of course the knowledge your information inside the book that improve your knowledge and information. The information you get based on what kind of publication you read, if you want attract knowledge just go with schooling books but if you want sense happy read one along with theme for entertaining for instance comic or novel. The actual The Magic Workshop: A resource for anyone who works with young people in a creative and fun way is kind of reserve which is giving the reader unstable experience.

Pamela Postma:

As we know that book is important thing to add our know-how for everything. By a e-book we can know everything we want. A book is a range of written, printed, illustrated or blank sheet. Every year seemed to be exactly added. This e-book The Magic Workshop: A resource for anyone who works with young people in a creative and fun way was filled concerning science. Spend your time to add your knowledge about your scientific disciplines competence. Some people has distinct feel when they reading a new book. If you know how big good thing about a book, you can truly feel enjoy to read a book. In the modern era like at this point, many ways to get book you wanted.
