Dreamweaver 8: The Missing Manual: The Missing Manual David Sawyer McFarland

Available for both the Mac and Windows, Macromedia's Dreamweaver 8 is a professional web design and development program used by millions of Internet professionals to build high-quality static and dynamic database-driven web sites. It offers drag-and-drop simplicity, streamlined HTML coding tools, and powerful database integration features. But Dreamweaver 8 is missing one vital component: a printed manual.

Enter *Dreamweaver 8: The Missing Manual*, the completely revised fourth edition of this bestselling book by experienced web site trainer, Macromedia Certified instructor, and Dreamweaver Advisory Council member David McFarland. This book enables both first-time and experienced web designers to create visually stunning and highly interactive web sites.

With crystal-clear writing and much welcome humor, this new edition offers features such as:

- Live examples: With McFarland's step-by-step annotated tutorials, you'll learn how to construct a state-of-the-art commercial web site, complete with working forms, Cascading Style Sheets (CSS), and dynamic databases.
- Tricks of the trade: The book is bursting with undocumented workarounds and shortcuts for easing the process of building, maintaining, and updating professional web sites.
- Design guidance: You'll learn to create virtually every modern web feature, including forms, animations, cascading menus, and more--and you'll find out which browsers you need to provide special coding or do extra testing with.

No matter what your level of expertise is, you'll also learn how to manage your entire web site--whether you've just launched or if it's been around for awhile and takes up thousands of pages. Beginners with no web design experience will appreciate the step-by-step guide to designing, organizing, building, and deploying a web site; long-time Dreamweaver users will appreciate the advanced, real-world techniques for controlling the appearance of their web pages with CSS.

With more than 500 illustrations, a handcrafted index, and the clarity of thought that has made bestsellers of every Missing Manual to date, this is the ultimate atlas for the complex and powerful Dreamweaver 8.
