*We have all stared up at the stars and desperately tried to put into words what it is that we are feeling. This mission is an articulation of that wonder.*

It's 2029: the first human mission to Mars has disappeared without a trace; a reclusive Indian billionaire has funded Ghara I, a new attempt to achieve this dream; in Siberia, two Russian brothers reconnect by driving a Lada Sputnik 1.3 in search of the birth of space travel; at the bottom of the Pacific Ocean, Maartje holds on to a secret about her sister; and on Mars, Imke and Oskar, a young Dutch couple, are mysteriously separated.

*Pioneer* shuttles you from the Garden of Eden to mission control, and on to the surface of Mars.

A sci-fi thriller, this edition was published to coincide with curious directive's national tour, which opened in March 2015.
