Animal Behavior Michael D. Breed, Janice Moore

Animal Behavior, Second Edition, covers the broad sweep of animal behavior from its neurological underpinnings to the importance of behavior in conservation. The authors, Michael Breed and Janice Moore, bring almost 60 years of combined experience as university professors to this textbook, much of that teaching animal behavior.

An entire chapter is devoted to the vibrant new field of behavior and conservation, including topics such as social behavior and the relationship between parasites, pathogens, and behavior. Thoughtful coverage has also been given to foraging behavior, mating and parenting behavior, anti-predator behavior, and learning.

This text addresses the physiological foundations of behavior in a way that is both accessible and inviting, with each chapter beginning with learning objectives and ending with thought-provoking questions.

Additionally, special terms and definitions are highlighted throughout. *Animal Behavior* provides a rich resource for students (and professors) from a wide range of life science disciplines.

- Provides a rich resource for students and professors from a wide range of life science disciplines
- Updated and revised chapters, with at least 50% new case studies and the addition of contemporary in-text examples
- Expanded and updated coverage of animal welfare topics
- Includes behavior and homeostatic mechanisms, behavior and conservation, and behavioral aspects of disease
- Available lab manual with fully developed and tested laboratory exercises
- Companion website includes newly developed slide sets/templates (PowerPoints) coordinated with the book

From reader reviews:

Gloria Smith:

This Animal Behavior book is not ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is definitely information inside this guide incredible fresh, you will get facts which is getting deeper anyone read a lot of information you will get. This particular Animal Behavior without we understand teach the one who reading it become critical in pondering and analyzing. Don't become worry Animal Behavior can bring when you are and not make your carrier space or bookshelves' turn into full because you can have it within your lovely laptop even cellphone. This Animal Behavior having very good arrangement in word in addition to layout, so you will not truly feel uninterested in reading.

Paul Hardy:

Information is provisions for anyone to get better life, information presently can get by anyone in everywhere. The information can be a understanding or any news even restricted. What people must be consider whenever those information which is inside former life are hard to be find than now is taking seriously which one is suitable to believe or which one typically the resource are convinced. If you get the unstable resource then you understand it as your main information you will see huge disadvantage for you. All those possibilities will not happen within you if you take Animal Behavior as the daily resource information.

Beverly Hummell:

Spent a free time to be fun activity to accomplish! A lot of people spent their down time with their family, or their particular friends. Usually they carrying out activity like watching television, likely to beach, or picnic in the park. They actually doing same every week. Do you feel it? Do you need to something different to fill your free time/ holiday? Could be reading a book may be option to fill your free of charge time/ holiday. The first thing that you'll ask may be what kinds of publication that you should read. If you want to try out look for book, may be the publication untitled Animal Behavior can be excellent book to read. May be it may be best activity to you.

Jeremy Reed:

As a college student exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's soul or real their pastime. They just do what the professor want, like asked to go to the library. They go to there but nothing reading really. Any students feel that looking at is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Animal Behavior can make you experience more interested to read.
