**Librarian's Guide to Online Searching, 2nd Edition** Suzanne S. Bell

To succeed as searchers, all librarians require both a basic idea of how databases are put together, and a repository of concepts and techniques to draw upon. With such essentials well in hand, the searcher can plunge into almost any database that comes along and master its intricacies (and idiosyncrasies) in relatively short order. Bell's conversational style, coupled with her Searcher's Toolbox, promises increased flexibility and adaptability. This book will prove a handy guide for librarians in every conceivable information environment and across all levels of experience.

The ability to understand and navigate online environments and databases is fast becoming an essential skill for librarians. Now in a revised and updated edition, this book provides a handy guide for librarians in every conceivable information environment and across all levels of experience.
