The teaching in this book is off the map—because reality itself cannot be captured in a map. In fact, reality is far more alive, far more mysterious than anything we can conceive of. It is always revealing itself by knowing itself; and knowing reality and living it becomes the fulfillment of our life. A. H. Almaas, the originator of the Diamond Approach, here presents a new paradigm for understanding reality: the view of totality. He reveals that our life can become an endless revelation of reality, an adventure with neither beginning nor end.
