In the Fullness of Time Vincent Nicolosi

On Monday, November 25, 1963, President John F. Kennedy was buried in Arlington. During the stillness of this momentous day, Tristan Tecumseh Hamilton begins a long look back at his life and times, and at the life and times of his neighbor and fellow townsman, President Warren G. Harding, who died mysteriously in San Francisco forty years before. Throughout this final week of November 1963, the assassination and burial of President Kennedy becomes the mirror through which the now aging Tristan views the storied and long-buried past as it rises all around him. Power and love, ambition and loyalty, war and the devotion to home: these universal themes weave through the rich and intricate tapestry of this magisterial American epic that encompasses the world from the vantage of home.
