Wellington's achievements in the Peninsular War cannot be overestimated. At the outset in 1808 Napoleon and his Marshals appeared unstoppable. By the close Wellington and his Army had convincingly defeated the French and taken the war across the Pyrenees into France itself. He and his Generals had waged a hugely successful campaign both by conventional means and guerrilla warfare.

This book contains the pithy biographies of some forty senior officers who served Wellington, in the majority of cases, so ably during this six year war. Many had experience of battle prior to the Peninsular and went on to greater heights thereafter. There is a section summarizing the major engagements that this 'band of brothers' took part in.

The book is arranged in alphabetical order and each thoroughly researched entry places its subject's life in his historical and political context. The result is a highly entertaining, informative and authoritative book.
