The Lotus Sutra is celebrated as one of the most popular, if not the most outstanding sutras among the Mahayana teachings taught by Shakyamuni Buddha. Hailed as the King of all Sutras, the Lotus Sutra is the supreme teaching about Life. It contains the secret essence of the Ultimate Truth of enlightenment, which is the Law of Lotus that is capable of leading all living beings in attaining Buddhahood and eternal happiness. This beautiful translation is original, distinctive and exceptional. It is not an ordinary translation; for it is an extraordinary expression of the profound gratitude, love and joy in the Law of Lotus, the Law of Life. Here are some of the value-added features which have been incorporated to inspire the awareness and the joy of the Law of Lotus.

1. Notation System The notation system has been established to provide a structure in the categorization of key ideas. Moreover, a summary has also been included in each chapter so as to give an overview before going further into the details. The purpose of the notation system is to enrich the readers' experience of appreciating the empowering teachings of the Buddha.
2. Literary Devices Poetry is a breezy balm capable of moving the deepest emotions in our hearts. For this reason, selective literary devices such as alliteration, assonance and rhyme system are weaved into the translation. By injecting an element of poetic beauty to the Buddha's words, it is hoped that the experience of discovering the timeless jewels in the Lotus Sutra will be more rewarding, inspiring and engaging.
