Dark Angel: The Eyes Only Dossier D.A. Stern

Seattle ca. A.D. 2020 A post-Pulse city crawling with cops on the take, crooks on the make, genetically engineered supersoldiers, and hundreds of thousands of plain folks just hanging on by a thread to the sputtering engine that was once the all-powerful American economy . . .

November 12, 2021: My name is Logan Cale—though whoever finds this material will undoubtedly know me better as Eyes Only. In the years after the Pulse struck, greed, corruption, and cruelty exploded on a scale I never before imagined possible. Something had to be done.

I began working as an investigative journalist to expose the truth, but the truth brought a lot of enemies out of the woodwork. So I went undercover, and EYES ONLY was born. For years, with the help of a lot of good people, we've uncovered many wrongs and made them right. No matter what the dangers, this work needs to survive, and continue . . . especially some of the more explosive facts still need to be revealed. Facts concerning the Grand Coulee massacre, the secret government program known as The Phoenix Project, and the Conclave's breeding program, to name but a few.

Putting these documents together in one place poses a big risk—not just to the corrupt, but to the innocent as well. Yet the chance that these truths might remain unspoken is an even bigger risk.

People may die, but the truth must live on.
