Download chronicles of the making of the new record industry, from the boom years of the CD revolution of the late 1980s to the crisis of the present day, with particular stress on the last decade.

It follows the actions and reactions of the major international record companies, five at the beginning of the story, now four, as they ploughed their way through the digital slough of despond, bewildered by the fleet-of-foot digital innovators far more responsive to the changing marketing conditions through which (recorded) music was consumed and valued.

These all have their significant place in Download but the real story is the structural change that has, almost surreptitiously, taken place, within the music business. This change, for reasons author Phil Hardy will explain in detail, has left the captains of the record industry as unable to act as they were unwilling to act. In effect they became little but very well paid observers of the shrinking of their domains.

Press Reviews

"Industry expert Phil Hardy has outdone himself with the splendid, piecing Download!" - **Record Collector**

The Download! How The Internet Transformed The Record Business will give you a new experience in studying a book.

Phillip Chadwick:

As a college student exactly feel bored to be able to reading. If their teacher requested them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's internal or real their passion. They just do what the professor want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Download! How The Internet Transformed The Record Business can make you really feel more interested to read.
