# Spinal Trauma - An Imaging Approach

*Victor Cassar-Pullicino, Herwig Imhof*

Neuropathic spine All throughout the book, the focus is on understanding the injury, and its implications and complications, through an imaging approach. Lavishly illustrated with hundreds of superb MR images and CT scans, and clear full-color drawings, the authors conclude with a look into the future, defining clinical trends and research directions. Spinal Trauma -- with its broad scope, practical imaging approach, and current focus -- is designed to enhance confidence and accuracy, making it essential reading for clinicians and radiologists at all levels.
