It's mealtime on the ark!

Striking folk-art-style paintings illustrate this charming tale about the purpose of every creature and the harmony of nature.

Noah and his family work hard to keep all the animals on the ark happy and well-fed. They find just the right food for every creature—except for the two chameleons. These picky eaters won't eat *anything*! Noah is worried! What will tempt these two? It is not until the ark's food supply is suddenly threatened, that Noah gets a surprising answer—and discovers that even the SMALLEST creatures have a BIG role to play in nature!
