## Sleep Tight Jeff Jacobson Sleeping With The Enemy

They hide in mattresses. They wait till you're asleep. They rise in the dead of night to feast on your blood. They can multiply by the hundreds in less than a week. They are one of the most loathsome, hellish species to ever grace God's green earth. Thought to be eradicated decades ago, thanks to global travel they're back. And with them comes a nightmare beyond imagining.

Bed bugs. Infected with a plague virus so deadly it makes Ebola look like a summer cold. One bite turns people into homicidal maniacs.

Now they're in Chicago. And migrating to all points north, south, east, and west. The rest of the world is already itching. The U.S. government and the CDC are helpless to stop it. Only one man knows what's causing the epidemic. And the powers-that-be want him dead.

"A fresh new talent with an amazing ability to astonish." --David Morrell, bestselling author of *First Blood*
