From cloud to puddle, and puddle to stream, the Little Raindrop is making its way on the remarkable journey that is Earth's water cycle. In this inviting story—illustrated with pastels for a soft, full color—readers are taught about science and nature through a character-driven narrative that leads a little raindrop on a big adventure. With an easy-to-follow plot that teaches precipitation, water flow, and evaporation, *The Little Raindrop* offers a sweet story full of learning and discovery.

Featuring a heartwarming adventure from author Joanna Gray and beautiful pastel illustrations by Dubravka Kolanovic, *The Little Raindrop* takes readers on a fun and educational ride through the water cycle.

Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
